DETAILED ACTION

Allowable Subject Matter

1. Claims 1-8 allowed.
2. The following is an examiner's statement of reasons for allowance: Prior art of record fails to teach, disclose, or suggest, either alone or in combination, a non-volatile semiconductor memory device including a third impurity diffusion layer in a first memory element and a third impurity diffusion layer in a second memory element, where the third impurity diffusion layers include a channel region and where either:
 - the impurity concentration of the third impurity diffusion layer in the first memory element and the impurity concentration of the third diffusion layer in the second memory element are different from each other as recited in claim 1; or
 - a threshold voltage of the first memory element and a threshold voltage of the second memory element are set at different values as recited in claim 4.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Sandhu et al. (U.S. Patent No. 6323085 B1), Furuhashi (U.S.
